MASHA AND THE BEAR HIDE-AND-SEEK

Game Design: Nikolay Pegasov

Artwork: animated series
"Masha and the Bear"

GAME OVERVIEW

In **Masha and the Bear: Hide-and-Seek** the players will have to search for pairs of cards with matching pictures.

GAMEPLAY

The deck of Challenge cards is put in the middle of the table. All the hide-and-seek cards are spread on the table blue side up (or green for an easier game), so that they are all seen.

The game starts once the Challenge deck is flipped. Players need to find a matching character or item faster than the others.

As soon as they do, they announce it, show to the others and take the top Challenge cards. The game immediately resumes.

When the Challenge deck runs out, the game ends and the player with the most Challenge cards wins.
