

The image displays a 3x3 grid of multiplication cards. Each card features a purple floral border and a top row of five dice showing the numbers 1, 2, 3, 4, and 5. Below the dice is a large empty box for the answer. The middle row contains three multiplication problems, each with a cartoon character icon and a multiplier. The bottom row contains three empty boxes for the student to write the products.

The cards are arranged in a 3x3 grid, with the middle card in the middle row being the only one with a different multiplier (x10, x15, x20).
